PROFESSIONAL SUMMARY

I am a Biotechnology graduate with a strong academic background in Medical chemistry, Molecular Biology, Genetics, Microbiology, and Biochemistry. Throughout my undergraduate studies, I developed practical laboratory skills and a deeper understanding of core biotechnological concepts. My academic training, internship experience, and participation in workshops have strengthened my interest in molecular research, genetic diagnostics, and drug discovery. I am eager to pursue a Master's in Biotechnology to enhance my research capabilities, gain advanced technical expertise, and contribute meaningfully to innovations in healthcare and life sciences.

EDUCATION

Bachelor of Science (BTMIC)

Bhavan's Vivekananda College, Hyderabad | 2023 – 2026 | CGPA: 6

RELEVANT COURSEWORK:

Molecular Biology, Medical Biotechnology, Medicinal Chemistry, Analytical Chemistry, Spectroscopy and Chromatography, Organic and Inorganic Chemistry, Immunology, Environmental Biotechnology, Food and Environmental Microbiology, Biochemistry, Genetics, Recombinant DNA Technology, Bioinformatics, Cell Biology, Biostatistics.

TECHNICAL SKILLS

Hands-on experience with UV spectroscopy techniques, PCR, ELISA, SDS-PAGE, Western blotting, DNA/RNA extraction, recombinant DNA technology. Skilled in gel electrophoresis, protein expression and purification. Familiar with genomic and proteomic data analysis tools such as BLAST and FASTA, literature research using PubMed and NCBI databases, molecular docking fundamentals, and basic biostatistical analysis tools.

PROJECTS

Method Development and Validation of Dorzolamide HCl using UV Spectrophotometer

- Developed and validated a UV spectrophotometric method for estimation of Dorzolamide HCl.
- Determined λ_{max} at 255 nm and established a calibration curve (5–25 $\mu\text{g/mL}$) with high linearity ($R^2 = 0.999$).

- Evaluated method parameters including precision, accuracy, LOD, and LOQ for reliable analysis.
 - Demonstrated a simple, cost-effective technique suitable for pharmaceutical quality control
-

ACHIEVEMENTS

- Actively participated in cricket tournaments, demonstrating teamwork, leadership, and strategic thinking skills.
 - Engaged in art and creative activities including drawing and craft work, fostering creativity and attention to detail.
 - Participated in college cultural and co-curricular events, contributing to overall personality development.
-
